

Introduction to the Sierra Nevada Community Conservation and Wildfire Protection Plan Guidebook

INTRODUCTORY WORKSHOP

for Agencies, Legislators, and the Interested Public

Please join us to learn about this collaborative project among California agency, conservation, and scientific fire experts. We will provide an introduction to:

- ♦ the Guidebook, a comprehensive manual for creating conservation-based community fire plans for Sierra Nevada communities;
- ♦ Conservation Principles for Community Wildfire Protection in California's Sierra Nevada; and
- ♦ Taking Action, Preparing for Wildfire, A landowner guide for balancing fire safety and conservation values.
